

EPWORTH WORSHIP TOGETHER.

This week's big idea

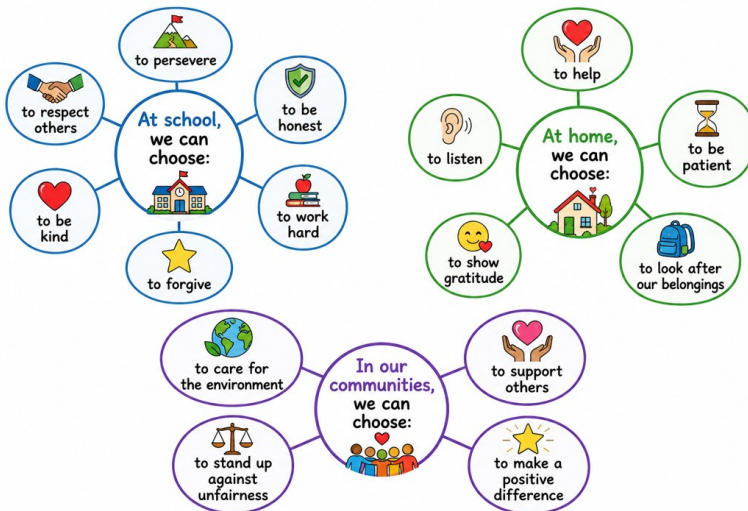

Freedom with
Responsibility

Bible verse of the week

Exploring further

Can you think of
other ways in
which we can
show freedom and
responsibility?

Prayer of the week

Dear God,

Thank you for the freedom to make choices.
Help us to use our freedom wisely and responsibly.
Give us courage to choose what is right, even when it is difficult.
Teach us to respect the freedoms of others and to build
communities filled with kindness, fairness and compassion.
May our words and actions make a positive difference wherever
we go.

Amen.

This week's worship song

'Power In Me'

[power in me](#)

This week's activity

Try these activities within your classes:

The Compass Walk: One participant wears a blindfold while the other acts as the guide. The guide is free to direct their partner, but they are entirely responsible for their safety, teaching both trust and accountability.

The String Game: Participants tie strings to each other's wrists and attempt to complete a task. This visually and physically demonstrates how one person's actions and "freedoms" directly impact those around them.

Explore further at home

Record what responsibilities you have both at home at school. This may include chores, looking after a pet or even tidying your room!

Quote of the week

With freedom comes responsibilities, and I dare not linger, for my long walk has not ended yet.

— Nelson Mandela —
